

Entry Level Production:

KORE Resource, Inc. is currently looking for recent high school graduates or someone with further schooling who is interested in starting a career with an exciting high-tech company. This position is located at a state-of-the-art facility located in Robinson Twp., PA easily accessed directly off the highway. After a training period they offer paid holidays and vacation, health benefits, 401k, incentive programs and college tuition reimbursement programs. Their state-of-the-art facility includes a cafeteria with made to order food stations and indoor/outdoor sitting areas, an internal Starbucks and gym among other amenities. All potential candidates must have valid driver's license and your own vehicle. Must be willing and able to pass criminal background and drug screening. We have immediate openings for the daylight shift. Shift consist of 4 ten-hour days; Monday through Thursday with a three-day weekend. Daylight hours are 5:00am to 3:30pm. Starting salary ranges from \$13.00 to \$14.00 an hour, based on position and experience. We also have a second shift assembly position available with hours Tuesday thru Friday from 3:30pm to 2:00am.

Job will consist of assembling small hand held devices. These devices are approximately the size of a cell phone. These are life saving devices used in many different fields. Not only will you work in a state-of-the-art facility but you will also learn a trade and skillset (electronic assembly). We have multiple positions offering wages from \$13.00 to \$14.00 per hour.

Desired Skills and Experience:

- High school diploma required
- Must be a US citizen
- Must be 18 years of age or older
- Timely and dependable
- Must have strong math skills
- Ability to pay attention to detail
- Good manual dexterity
- Soldering experience is a plus but not required
- Ability to follow directions and willing to learn
- Motivated and determined to work hard and get the job done successfully

Job Type: Full-time

Salary: \$13.00 to \$14.00 /hour
